Hon. S. B. Bradford, attorney general of this state, made the Mercury office a pleasant call Monday evening. Mr. Bradford is a very clever gentleman and able lawyer. He had intended to visit Dodge City while out in this part of the state, but on account of pressing business at home was unable to do so. It is probable that he will drop down on Dodge in a short time.—Kinsley Mercury.

Since the location of the state reformatory institution at Hutchinson, and the prospects of that city having another railroad, capitalists have been investing extensively in real estate there. A Wichita company has put in \$150,00 and altogether the town is enjoying an era of remarkable prosperity.
